

Vendor declaration with regard to Non-GMO¹ Products

Name, address of vendor:

Identification (e.g. batch number):

Product name:

Components: (Specify all components existing in the product and used in the production-process)

I declare the following:

Please tick off		Explanation	Negative-Exampel
<input type="checkbox"/>	The product is not GMO .	The raw material originates not from a genetically modified organism	Soy-oil from genetically modified soy-beans
<input type="checkbox"/>	The product is not produced by GMO .	The raw material was not produced by a genetically modified organism.	Citric-acid from a genetically modified fungus
<input type="checkbox"/>	The product was not produced by the help of GMO	The raw material was not produced with the help of a substance which in turn originates from a genetically modified organism.	Sugar surfactant (amylase from GMO bacteria splits the starch into sugar, which is then processed into a surfactant.)
<input type="checkbox"/>	The product was not yet produced without the help of GMO	At present it is not yet possible to produce the product without the help of GMOs.	

¹ the definition of 'Genetically modified organism (GMO)' is that given in Directive 2001/18/EC of the European Parliament and of the Council of 12 March 2001 on the deliberate release into the environment of genetically modified organisms.

I do not have any information which could suggest that this statement is inaccurate. I undertake to inform our customer immediately if this declaration is withdrawn or modified, or if any information comes to light which would undermine its accuracy.

The undersigned takes responsibility for the accuracy of this declaration.

Country, place, date, signature of vendor: Company stamp of vendor (if appropriate)
